

White Clown-by Annie

With sea blue paua eyes, colourless frilly neck, shimmering golden nose, a love-heart mouth, crisp white clothes and hat, neat design with striking fabric! Guess who made it and what they made it out of... my teacher Mrs Ogden, she made it out of her own wedding dress! Talented or what! A clown made out of a wedding dress you don't see that everyday do you? The clown has a block of wood inside so she can sit up on a desk.

A homemade clown, hers forever!
