

For four days be a maker!

Join our maker camp and challenge yourself to make something wonderful, whimsical, whacky! Stay for a day, stay for two, stay all week, we have a challenge to meet your timeframe. If you have your own challenge, make that! Make it digitally, code it, design it, print it, cut it, stick it, play it, use whatever skills necessary to create your project! Work by yourself, work with a team that wants to make the same thing as you, it's up to you. The only thing we guarantee is fun, hard challenging fun. So join us and be prepared to build new knowledge, fun projects, cool stuff and new friendships. See you in October...

Venue:

Northcross Intermediate School, technology block

Date:

1 October - 4 October 9:00 AM- 3:00 PM (bring your own lunch)

It is up to you how many days you want to attend maker camp, each day costs:
