Can you please provide a plate or container of finger foods enjoyed by your family and culture for the shared lunch. Please ensure the plate or container is named so it can be returned to you.

We need help with this and would appreciate offers from any parents or grandparents who can help by sharing and doing a 15 minute activity /game /song /dance /story /other from your culture with the children. We will have about 8 different activities and the children will rotate in groups. The teachers will be there to help also. Please indicate on the form below if you are able to help and what you would be able to do and we will be in contact with you.

This will be an interesting and enjoyable morning for the Pukeko children.
