The Science Playroom - Monday 11th March 2019

Dear Parents and Whanau,

Team Fantail will be visiting The Science Playroom on Monday 11th of March!

The Science Playroom is full of open ended science, technology, engineering, arts and math (STEAM) activities which are integrated into a fun 'hands on' children's science museum. Children are free to interact with a wide range of activities exploring concepts such as forces, electricity, biology, chemistry, light and sound. We hope this visit will inspire and extend children in their self directed investigations upon our return to school (and home!).

Your child will need

- A named drink bottle
- A named packed Morning Tea (in a separate container from lunch please)

We will be leaving school at 9am and arriving back at around 12:30 for lunch.
The cost per child is \$21. This includes \$12 for the bus and \$9 for the Science Playroom.

We do require parents to assist us with supervision on the trip. Unfortunately we cannot accommodate younger siblings. Please indicate on the form below if you are able to help and we will be in contact with you. We may be unable to take all adults who volunteer but will endeavour to include you on future trips if we can't take you this time.

This will be a very exciting and educational outing for the children.

Please fill in the form below and return to the office.

Thank you for your support.

Team Fantail Teachers

The Science Playroom - Monday 11th March 2019

I give permission for my child _____ of Room _____ to attend the trip to The Science Playroom. I have made my payment by:-

Cash

Kindo

Eftpos
