

Netball Season

12th March 2019

Dear Parents/Guardians

This year Glenfield College has built some beautiful new Netball Courts for the Kaipatiki region schools to use. Games will be on Saturday mornings starting at 8 am for our youngest players and continuing throughout the day up until approximately 2 pm.

There are teams for years 1-6. Teams will be entered into a grade based on age and experience of the child. Fees will be determined once we have all of our children enrolled. We estimate it will cost around \$85. There are 10 games for year 1/2 and 12 games for years 3-6.

Each team will also require a parent coach. It is not essential to have a practice during the week, however should you choose to meet with your team we can organise space and equipment for you. The role of the coach will be to support the players on the court, run subs, and ensure the children have a positive experience.

Please return the below slip by _____; including your child's name, year, room number and experience, as well as an indication if you are available to coach your child's team. Please advise each team must have a coach in order to be entered into the competition.

Please feel free to email me should you have any questions.

Regards,

Sarah Turner
