

# Falcon Team Trip

## Chelsea Sugar Factory

Dear Parents,

Our EOTC trip will be to the Chelsea Sugar Factory this term. The children will get to take part in three different activities;

**Factory Tour:** The students will be fully immersed walking through the factory floor, learning how raw sugar comes into our factory and is processed ready for the supermarket. Students will also gain insights into why this Birkenhead site was chosen to become NZ's only sugar factory.

**Edmonds Baking School:** Students will learn about food safety, the different uses of flour and sugar in baking, and have a hands-on baking experience with our qualified instructor for one hour. The students take their baking home with a recipe book in a handy pack! Please ensure you let us know if any students require the Gluten free & Vegan cookie when booking so we can prepare the ingredients for them.

**Interactive Zone:** This takes students into the home of Kiwi Baking with Edmonds and Chelsea. They will learn how flour is milled and sugar is produced from paddock to plate.

The children from room 9 and 10 will be going on Wednesday May 22nd, and the children from room 11 and 12 will be going on Thursday May 23rd.

**All pupils, teachers and supervisors MUST wear a long sleeved top, long trousers and closed-in flat-soled footwear.**

As always we will require parents to come and help us to supervise our children throughout the day.

The cost of the trip (entry fee and bus) is \$20
